

Ikenna King

Immersive Technology Consultant

I'm a motivated consultant who finds top talent to support the growth and innovation within the Gaming and Immersive Technology space. Nothing greater than finding opportunities for talented individuals to do awesome things.

MY EXPERTISE:

- C++ Programmer
- Gameplay Programmers
- UI Artists
- Character Artist
- Technical Artist
- Game Designer
- VR/AR Developer
- Animation Programmers
- 2D/3D Artists

RECOMMENDATIONS:

"Ikenna was an incredible recruitment consultant, always he was willing to help/assist me with all predisposition. He is nice and professional. I would recommend him to everyone"

Antonio Bustos
C++ Programmer, TECTECO Security System

"Ikenna is a very helpful individual. I had a few questions about the industry and about my CV and he provided me with as many tips as possible. Thank you for your help."

Miguel Salvado
Android Developer, Self Employed

"Ikenna really knew how to prepare me for a job interview, and kept me updat-ed at every step of the way!"

Mathias De Potter
Game Programmer, Happy Volcano
