

Keifer Clitheroe

Head of Immersive

I am currently leading the TechNET Immersive team and loving my time doing so! It's an amazing time to be in the market and a huge interest of mine. With the current advances in tech and the ways it can be used the future is bright. I typically work with Gaming, AR, MR, VR Studios and Agencies

MY EXPERTISE:

- Character Artists
- Environment Artists
- VFX Artists
- Technical Artists
- Cinematic Artists
- Lighting Artists
- Gameplay Programmers
- Animation Programmers
- Network Programmers
- Engine Programmers
- Tool Programmers
- Technical Directors
- Producers
- Art Directors
- 3D Artists

RECOMMENDATIONS:

"Keifer has been great to work with over the past year! He's quickly become a key recruitment partner for Sports Interactive and Interior Night, providing a steady stream of top tech talent for some pretty hard to fill vacancies. Always organised and great at keeping us in the loop with every-thing, he's someone I'd highly recommend speaking with if you're ever looking for a recruitment partner to support you with hiring in the games industry"

Ashleigh Meale
Talent Acquisition & Engagement
Manger, SEGA

"Keifer first reached out on LinkedIn, normally I don't go through a job agency, but I did this time, and it was a great experience. I previously worked in the Los Angeles area, and Keifer asked me if I was interested in looking for new opportunities in the UK, I took him up on his offer. I've never been to the UK, and Keifer was there from start to finish, even when I was confused, and was lost in London (strictly user error :P). I would highly recommend Keifer if you're looking for new opportunities."

Justin Marshall
Senior Game Programmer,
Supper Massive Games

"Positive, friendly and delivering great quality candidates, Keifer was the first point of contact from my now favourite recruitment team. He is like a happy breath of fresh air in a fierce industry of which I am very new to. These guys are the business!"

Sarah Lavalette
People and talent advisor,
bossa studios UK
