

James Gunning

European Business Development Director and Co-Founder

As a founding Director at TechNET IT, it has been really rewarding to see the growth while we develop our company into a leading global enterprise. I am proud of the people who underpin our success as we continually strive to be "best in class" while we continue with our growth strategies. Both our Clients and Candidates are at the forefront of our passion and focus coupled with an excellent internal team we are sure of our success. Our internal delivery ratios alone tells its own story while we continually exceed the industry sector averages. I have complete faith in our capabilities which translates to our continued success and growth across our 5 main brands namely TechNET IT, TechNET Digital, TechNET Immersive, TechNET CxO and Madison Bridge our B.V. registered and compliant brand dedicated to our Central European expansion.

MY EXPERTISE:

- Consultancy & Professional Services
- Global Managed Services
- Channel Sales
- Digital Transformations
- Cloud Solutions
- SaaS

RECOMMENDATIONS:

"James is one of the most enthusiastic, energetic and driven individuals I've ever had the pleasure of meeting. He has an unparalleled drive to achieve which runs throughout his company, this combined with his attention to detail and eagerness to satisfy has led to a company ethos which is second to none. James is the perfect role model to any recruitment consultant, a real people person with a great sense of humor and is definitely 'one of the good guys'. It was an absolute pleasure to work for him."

Andrzej Jasniewski
Territory Manager, Benelux at Splunk

"Whilst at SAP we were months of launching a new line of business and needed to hire 20+ people across sales, services and support in short order. We had struggled to find good candidates which was putting our launch at risk so we engaged TechNET. We met with their leadership and consultants who worked to understand both our functional and cultural requirements. TechNET were able to bring us candidates within the first week and we hired 10+ people within a 5 week period which enabled us to successfully launch on time. All the candidates we hired through TechNET proved to be great hires and so I would have no hesitation in recommending James Gunning and his team at Technet."
