TechNET IT Recruitment

Sam Page
Recruitment Consultant

I myself have 8 years' experience working in recruitment and specialising within Network, Cyber & Information Security. I also have experience developing business for Pentesting consultancies and SaaS companies.I've recruited all the way through from ex'CLAS to current CCP, from boutique SME's to FTSE 100 Consultancies, moreover I've helped to build teams within NOC's, SOC's and Pentest houses from IL1 to IL6 environments.Please feel free to get in touch to either discuss your current work situation or to talk through a role you're currently recruiting for.

MY EXPERTISE:

- Security & Network Operations
- Perimeter/Infrastructure Security
- IoT

- Governance Risk & Compliance
- Vulnerability & Threat Management
- Security Architecture

- Managed Security Services
- Cyber & Digital Investigation Services
- Identity & Access Management

RECOMMENDATIONS:

"We've had a great working relationship with Sam for a number of years now, starting with a placement at a previous employer. The process Sam guided me through was seamless and client insights on behavior and technical competencies was key for me in being successful. Ever since, Sam has been seen as part of my virtual team providing market insight as both a candidate and a recruiter. Personable, trustworthy, great market understanding."

Cyber Security Operations at Opel Vauxhall Finance
