

Craig Furniss

Executive Search Consultant

As an Executive Search Consultant for TechNET Group, I specialise in the identification, attraction, and engagement of exceptional leaders within the technology and digital space. Working closely with our clients' executive leadership teams, I deliver appointments from director level up to c-suite. Through comprehensive client assessment, market mapping, and headhunting, I focus on pairing the highest calibre candidates with our most valued clients.

The most vital aspect of that process is the client assessment; I take the time to truly understand a client's story, culture, and strategic aims as these intangibles are often the key differentiator when it comes to finding the right person for a role.

MY EXPERTISE:

- Senior Appointments
- Executive Search
- Headhunting
- C-Suite
- Market Mapping
- Research Services
- Salary Benchmarking

RECOMMENDATIONS:

BAIN & COMPANY 

We have retained TechNET CxO on several Executive Search Projects for Senior level, critical hires across a multitude of disciplines including Product, Engineering and Architecture.

Emily and Craig have continued to be highly effective in their approach – remaining communicative, collaborative, and transparent at all times.

We've taken on exceptional hires through the team so far, with many more to come in the near future.

Oliver M
