

Craig Furniss

Senior Principal Consultant

I specialise in the identification, attraction, and engagement of exceptional leaders within the technology and digital space. I lead on retained search projects, working with executive leadership teams to develop bespoke talent attraction strategies for a wide range of business needs. You can't approach a CTO search for a start-up in the same way as one for an established global brand – taking the time to really understand my clients and their needs is essential and a part of my job I truly enjoy. As a Senior Principal Consultant, I also coach and mentor junior team members and find it hugely rewarding.

MY EXPERTISE:

- Senior and Executive Talent Attraction
  - ED&I Talent Attraction
  - Complex Hire Strategies
- Interim Leadership Appointments
  - Global Search
  - Fractional Consulting
- Employer Brand Analysis
  - Market Mapping
  - Salary & Benefits Benchmarking
