

Roz Higgs

Business Development Executive

Armed with a solid financial services background, and as a valuable member of TechNET's business development team, my primary responsibilities centre on customer onboarding and ensuring customer success. I identify well-suited businesses to partner with that share our vision and who are seeking to secure only the best financial talent.

With experience in both business development and account management, coupled with a personable and conscientious demeanour, I strive to provide our clients with a seamless experience across various financial sectors.

MY EXPERTISE:

- Finance
- Banking
- Fintech
- Insurance
- Crypto & Blockchain
- Tax technology

RECOMMENDATIONS:

Sopra Banking Software

"The team at TechNET have been instrumental in simplifying a time-intensive recruitment process. From the initial engagement to validate our needs, to making offers less than three weeks later, TechNET have focused on qualifying high quality candidates, and following up in a very structured way. We've felt fully supported throughout the process, and look forward to working with them in the very near future."

Sopra Banking Software

Santander

"TechNET IT were truly interested in understanding our real requirements and criteria for vacancies and put forward a good calibre of candidates with appropriate skills and capabilities. This meant we were able to save time by interviewing fewer and moving to selection and appointment very speedily. Highly recommended and will use again for the future."
